

Environ's NEW Luxurious GOLD ROLL- CIT™

The new luxurious Gold Roll-CIT is an addition to Environ's™
Cosmetic Roll-CIT range.

- ~ This elegant instrument is plated in gold and has 260 ultra-fine needles and is very easy to use. It is the most effective and durable Cosmetic Roll-CIT available.
- ~ The needles are 0.2mm in length which is the perfect length to create micro channels through the outer layer of the skin.
- ~ These micro channels help the active ingredients in the Environ products to penetrate more efficiently so as to obtain better and faster results.
- ~ The Cosmetic Ionzyme Gold Roll-CIT, together with topical Environ products, may assist to:
 - Give the appearance of tighter, firmer skin
 - Reduce the appearance of fine lines
 - Improve the texture of the skin
 - Reduce the appearance of uneven skin tone
- ~ Easy to Clean. Use the Environ Roll-CIT Cleaning Solution at least once a week. After 10 minutes discard the used cleaning solution and rinse the roller head with water. Allow it to dry before storing it away or using on your skin.
- ~ Cosmetic Ionzyme® Gold Roll-CIT™ comes with a 12 month guarantee when proof of purchase is supplied.
